602 GALVANISED GRATED CHANNEL

The details that make the difference.....

CLASS B POLYPROPYLENE DRAINAGE CHANNEL

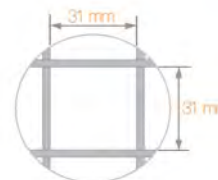

SABDrain 602 combines the flexibility and durability of a polypropylene drainage channel unit whilst still being able to satisfy the strength requirements for situations that require accessibility for passenger and light commercial vehicles. This Class B rated channel and grate has been designed to offer maximum versatility while delivering a lifetime of low maintenance service. Each galvanised gate comes with a 2 point security fixing, to keep it rattle free from vehicular movements and secure it from unauthorised access. 602 is ideal for driveway drainage, use around gardens, footpaths, petrol stations, decks & outdoor areas, around equestrian stables, barns and much more.
