706 CAST IRON GRATED CHANNEL

The details that make the difference.....

CLASS G POLYPROPYLENE DRAINAGE CHANNEL

SABDrain 706 is a heavy duty cast iron grated channel which comes with steel support edging to guarantee higher performance for heavy loads and high wheeled traffic up to the class G rating. This includes aircraft traffic, loading docks, container terminals, military and all hard wheeled vehicles. This high strength cast iron grate is equipped with an 8 point security fixing system to keep it rattle free from vehicular movements and secure from unauthorised access.
