707 GRANDE CAST IRON GRATED CHANNEL

The details that make the difference.....

CLASS D POLYPROPYLENE DRAINAGE CHANNEL

SABdrain 707 grande provides the ultimate desirability for design and functionality of any drainage channel available to the civil construction market. From its lightweight channel unit to the high strength heel guard cast iron grate, the flexibility and durability of this product is able to offer the most demanding requirements placed upon it. This rated channel and grate has been design to withstand fast heavy moving vehicles used in commercial areas along with motorways/highways meeting the Class D requirements. Each grate is equipped with 4 point security fixings system to keep this rattle free from vehicular movements and secured from unauthorised access.
